FAST CURING SOLUTIONS

TetraCure is the Tetrabasic Lead Sulphate based curing compound launched by Saraswati Auto Allied. It is well known for material, operational and time cost saving And well appreciated by battery plate manufacturing companies throughout the world.

simplifying **curing**

Benefits Of TetraCure

Manufacturing Cost benefit

Reduce usage of active material more than 3%.
Better performance with less Lead content.
Reduces manufacturing cycle period.

Operational Cost benefit

Lower curing temperature.
Reduces electrical energy need.
Less capacity drop during battery life.

Time Cost benefit

Lesser curing times.
Reduces manufacturing process time.

Product Quality

Uniform and fully cured plates.
Uniform crystal morphology.
Stronger battery plates
Increased battery performance.

Real solutions that work for your business.

TetraCure helps you to focus on business leaving curing worries

- ✓ Higher Performance
- ✓ Faster Curing
- ✓ Lesser times

FROM TECHNICAL DESK

TetraCure is passed from various Quality control measures to ensure best performance.

We assure you high performance Battery plates in minimum curing time with usage of TetraCure.

Technical information

APPLICATION

TetraCure is used as a seed crystal to promote rapid formation of tetrabasic lead sulphate during paste mixing and curing. It is added to the paste batch with the other dry ingredients.

TYPICAL PROPERTIES

Tetrabasic Lead Sulphate content ($4PbO \cdot PbSO_4$)95% typical, 90% minimum
Median Particle size.....1 and 2 micron typical
Moisture Content.....0.3% maximum
Color.....white to light Yellow

USE LEVEL

1% of the paste mix lead oxide weight

PACKAGING

Available in 10 Kg bags; other packaging available upon request.

WHY TetraCure

TetraCure is Tetrabasic Lead Sulphate based curing compound brand of Saraswati Auto Allied, which is a well known name for innovative products in Lead Acid Battery industry. Saraswati Auto Allied is always being ahead in providing solutions to industry because:

- ✓ Technical expertise
- ✓ High quality and innovative products
- ✓ Strong market presence

ISO 9001:2000
Certified Company

Other Brands of Saraswati Auto Allied Includes:

VECTRA

VECTRA is one of the most popular brands in field of readily mix Ingredients of battery Industry in India.

SARASWATI AUTO ALLIED
